Wildcat At Devine

By Dick Tatum

A new wildcat, located 4 miles N. W. Devine, has been announced by Beckman, Inc. It will be a 1,500-foot tester located on the Arnold S. Griffin land.

Two new field locations have been announced by L. M. Lockhart and Ward and Bushy.

Lockhart is perforating his No. 4 W. B. Melton well, a 1,000-foot tester located 8 miles S. E. Hondo.

Ward and Bushy is planning a 700-foot test effort 3 miles S. E. LaCoste to be called the No. 3 J. W. Ward Jr.

12 Completions

Two dry holes were announced for Medina County in recent weeks.

A wildcat drilled by Farnsworth and Chambers Co. on the Carle Mercantile Co. land 11 miles S. W. D'Hanis was a duster at 1,846 feet.

Flato and Bates had a duster in their No. 1 Oscar Etter located 5 miles S. E. Hondo.

They completed two successful efforts on the Arnold Mussman land, 10 miles S. W. Devine. Well No. 1 was completed at 1,342 feet for 15.9 bbls daily and No. 2 was drilled to 1,100 feet for 20.6 bbls daily.

Four more wells on the J. N. Wilson land 8 miles South of Hondo have been completed by Bab Oil Co. in the Taylor-Ina field.

All are producing between 10 and 13 bbls daily from 924 to 954 feet in the Navarro.

At Chicon Lake field, Ray Ellison Oil Co. has a minor produce in its No. 1 Geo. Jungman. It is getting 3 bbls daily at 426 feet.

G&W Oil and Gas Co., Inc. is getting 3-bbls daily from two wells on Joseph H. Lamson's land 5 miles S. W. LaCoste.

In the same field, Vogel-Ellison Enterprises drilled to 486 feet on Guy Mayhew's land to get 4 bbls daily.

Hondo Lions Prepare For Crucial Football Contest

Two Girls Injured In Friday Accident

The Medina County Sheriff's Department is holding a 25 year old Hubbard, Tex. man, after a car accident last Friday night.

O. B. Hughes, driver of the car, has been fined \$600 and given a 90 day jail sentence after pleading guilty to driving while intoxicated and aggravated assault with a motor vehicle.

Mary Ramos, 17, and Rose Aguirre, 21, both of Hondo, were run-down by Hughes last Friday

night as they were walking in a bar ditch on the right side of 16th St. The two girls were headed for Gallardo platform to attend a dance. The accident happened at 8:10 p.m.

Here is the story, as taken from the Sheriff's report of the accident:

The two girls were walking about one-half block in front of their mothers, headed for a dance. Hughes, according to the girls' mothers, tried to make a pickup with the mothers who ignored him.

Hughes then started out, drove east on 16th St. and then headed off the traveled part of the street and collided into the two girls, causing bodily injury to both girls.

According to Vernon Muennink, deputy sheriff making the arrest, Hughes was drunk at the time of the accident. He was arrested and placed in Medina County jail Friday night. Two complaints were filed Saturday and Hughes pleaded guilty to both counts. He received 90 days in jail on each count but the term will run concurrently. Only one court cost was assessed.

There were four eye witnesses to the incident.

Six-Man Game Helps Arthur Gallucci Fund

Strong arms and legs will take the Barry Field gridiron Monday night, Nov. 5 to honor one less fortunate.

The football game — a six man touch affair — will be staged by the Hondo Lions Club in an effort to raise money for Arthur L. Gallucci and his family. Gallucci, a former Hondo junior high school teacher, was stricken with Bulbar Polio in July and has been unable to return to school this fall.

Members of the local Lions Club and fellow Lions at Hondo

Air Base will make up the rosters of the teams. Admission to the game is only by a donation to the Arthur Gallucci Fund.

The Lions Club is also accepting donations before the game.

The game's half-time activities promise to be the best seen in Hondo this fall. Band Director Bob Lewis will have his prize winning Hondo High School Band go through its paces, and the Drum and Bugle Corps from Hondo Air Base will also make an appearance.

According to all reports the game will be the "most unorthodox six man touch football game on record." The two teams — the Hondo Laggin' Lions and the Hondo Air Base Pooped Fliers — are already in training.

Coach George Reinburg of the Pooped Fliers said he has been running his team through some 5 yard wind sprints. A number of "injuries" forced the cancellation of the wind sprints though.

Coaches Edgar Siegler and O. A. Fly of the Laggin' Lions (average age 56) say they will rely on "experience rather than conditioning". So far they have conducted their workouts over the telephone.

The activities committee of the local Lions Club worked out the details of the game, and arranged for the use of the Hondo High School football field through Superintendent J. G. Barry.

Sheep Killed By Dogs Near D'Hanis

Dr. O. B. Taylor says sheep-killing dogs have been discovered in the vicinity of D'Hanis.

The dogs killed 11 sheep and tore up 20 for Wilfred Zerr last Monday and killed seven and tore up an additional 10 for Dr. Taylor last Sunday. Dr. Taylor's place is located four miles northeast of D'Hanis.

Clarence Wolff, whose place joins Zerr and Dr. Taylor, took a shot at the dogs about 5 a.m. last Sunday morning.

This is the first time in about two years that dogs have bothered sheep.

The Hondo Chamber of Commerce has sent ballots to all members and would like to remind local citizens they have until Nov. 1 to return them to the secretary, Mrs. Winnie Braden. New directors will be announced Dec. 3, at the membership banquet. Present officers whose terms expire are Paul Bybee, president; Dean Reed, vice-president; and Dr. John H. Jennings, treasurer. Each director served a term of three years.

The LaCoste VFW Post 8134 has placed posters in Castroville, Lytle and Macdonia, urging voters to turn out for the coming November election. Marion Keller, commander of the LaCoste post, says he has had favorable comment on the posters.

Jack Fusselman Sr. has been appointed county chairman of the Democrats for Eisenhower.

The Martin Luther movie will be shown Sunday night, Oct. 28, at 7:30 at St. John's Lutheran Church. The public is cordially invited to attend.

Jake Schuele received some publicity in the Houston Chronicle last Friday. In their 20 Years Ago column, "Led by Jake Schuele, sophomore from Hondo, the Rice Owls whipped the University of Georgia, 13 to 6, at Athens. Schuele's great kicking and long punt returns sparked the Owls."

Cadet Robert W. Landers, son of Dr. and Mrs. R. W. Landers, Hondo, has been listed among 29 cadets given honorable mention on the honor roll at Texas Military Institute in San Antonio. It was the first honor roll announced this year.

Ronnie Greathouse, advertising manager of the Herald, will leave for Seguin this week, to accept a similar position with the Seguin Enterprise. He has been with the Herald since June.

The Chamber of Commerce wishes to express their desire for as many local citizens as possible to attend the Edwards Underground Water Reservoir meeting to be held in San Antonio Nov. 3. The underground system is being sponsored by the South Texas Chamber of Commerce. Paul W. Jahn of New Braunfels, is chairman of the committee.

New Plymouths are now on display at Medina Equipment Co. with the showing of the 1957 Plymouths, the low-priced car is now complete — Chevrolet and Ford have been on the market for the past two or three weeks.

Mrs. Johnny Muennink has replaced Mrs. Perry Finger in the third grade at Hondo Elementary School. Mrs. Finger resigned for personal reasons. Mrs. Muennink has taught the third grade before.

The Medina County Sheriff's Department thought they had a kidnap case on their hands Wednesday but later found their victim who had strayed from his home.

Chamber Banquet

The Chamber of Commerce is making plans for its annual Membership Banquet, which is to be held Dec. 3.

Two tickets will be sold to each member for \$1 each. Extra tickets will cost \$1.75.

New directors and officers will be announced at the banquet.

Irrigation Exposition

Medina Electric Cooperative, along with two other state electric cooperatives, will sponsor the South Texas Pump Irrigation Exposition, to be held Nov. 9, in Pearsall.

Exhibits will be set-up in the 4-H Club Building and grounds and lectures will be given in the Frio Sales Company pavilion.

The Rio Grande Electric Cooperative and the Karnes Electric Cooperative, the other sponsoring cooperatives, connected with the Medina plant, extend from San Antonio to El Paso on the east and Tarpley to Rio Grande on the north. Approximately 300 miles north and south and 700 miles east and west will be included in the one-day exhibit.

John F. Schunk of Denver, Colo., will be one of the featured speakers for the affair. Dr. Schunk is an engineer, author, lecturer and top authority on irrigation engineering and irrigation agriculture in the United States.

For the past two years, he has been active in arranging and conducting sprinkler irrigation clinics and workshops. He is co-author of the Sprinkler Irrigation

FHA EXECUTES NEW FORMS ON FREIGHT

Walter T. McKay, the agency's State Director, was advised today of the designation of Farmers Home Administration to execute certification forms in connection with reduced freight rates recently worked out between the President and railroad representatives to further assist farmers and stockmen in drought stricken areas.

This revised tariff provides for a reduction of 50 per cent in the freight rate of hay forwarded to destination due to the drought, and applies only in connection with hay purchases of individuals who are entitled to assistance under the Hay and Roughage program.

Farmers Home Administration is authorized to execute certificates in behalf of farmers and ranchers only. Details of the program and forms required may be obtained from local county Farmers Home Administration offices.

Association's textbook on sprinkler irrigation. He has been responsible for the publication of several technical manuals on design and operation of irrigation systems with special emphasis on sprinkler irrigation.

He is now an engineer with Irrigation Equipment Company, which is a national supplier of irrigation water application equipment.

Such things as water supply, pumping plants, planning for irrigation farming, marketing and equipment displays will make-up the show.

Everything from water charts, showing why the water level is going down, to plant fertilizer will be explained in lecture or printed material. Dam building, storage of water, finance considerations, land capabilities and many other subjects will be dealt with during the meeting.

Chairman of the affair is Bonner Carl, power sales specialist for Medina Electric Cooperative, Inc.

This is the third year the cooperative has held an irrigation exhibit for farmers in this area.

Mary Ann Duran and Frank Garcia

Coronation Time

Coronation Time

By Mrs. R. R. Koch

The Court of Music, a coronation pageant, climaxed the annual school carnival at LaCoste, 30 Miss Mary Ann Duran, coronator in LaCoste High School, crowned Queen of Music by Frank Garcia.

The Royal Household attending the Queen were Princess of Music, Miss Maria Martinez; Princess of Harmony, Miss Doroth Smith; and Princess of Rhythm, Miss Olga Hinojosa.

The LaCoste Parent-Teacher Association held a Mexican supper during the carnival. It was held in the high school gymnasium style. The group plans next meeting for Nov. 6 at 8 p.m. An attendance prize will be given.

John Ward, social science teacher in LaCoste High School, is \$25 savings bond, offered

by the seniors as first prize on their raffle held at the carnival. Other prizes went to Mrs. George Zinsmeyer, Henry Zinsmeyer, Mrs. Ida Jungman, Mrs. Emma Keller and Miss Kathleen Lamson.

Dr. Ward returned his prize to the seniors for their use.

Duchesses at the coronation ceremony represented various kinds of music. They were Lullabies, Marisela Flores; religious, Irene Chapas; folk, Anita Maldonado; childhood, Manuela Davila; work, Natalia Rodriguez; patriotic, Petra Garza; special holiday music, Florencia Marzuey; popular, Carolina Hinojosa.

Swing, Barbara Rihn; program, Verdie Mae Hargroder; sym-

phonic, Harriet Biediger; and opera, Kathy Echtle. Crown bearer was Bobby Reus; scepter carrier, Ray Foust; train bearers, Catherine Fulghum and Lynn Uhl; and marshalls, Misses Karen Jungman and Patricia Jungman.

The program, in honor of the Queen, included several songs and a tap dance routine.

Barbecue Given For Air Base

More than 600 military personnel from Hondo Air Base attended the barbecue supper given by the city of Hondo and the Hondo Chamber of Commerce last Wednesday night.

Special guests at the dinner were O. C. Fisher, U. S. Congressman from San Angelo; Harry Curtis, director, Texas Aviation Industries from Brady; and Col. Charles B. Lingamfelter, operations officer, primary contract flying schools, San Marcos.

Serving barbecue mutton with all the trimmings was the City Council, the Special Events Committee of the C of C, Military Affairs Committee and the Directors of the C of C.

The barbecue supper is served twice yearly so each cadet or student officer going through Hondo Air Base can attend at least one.

The following is a letter received in the Chamber of Commerce office:

"The officers of my flight here at the Air Base enjoyed last night's barbecue so much that we thought we ought to let you know about it.

"We feel certain that we speak not only for our class, 58 Alfa, (See BARBECUE, Page 6)

Queen's Contest Is Open

Voting for queen of the Elementary School Halloween Carnival is underway and the winning candidate will be crowned by the elementary school principal, R. W. Nations, at the colorful affair next Wednesday night, Oct. 31. Mrs. Paul Bybee, carnival chairman, is in charge of arrangements.

The parade, which precedes the carnival, will begin promptly at 5:30. Children who intend to participate in the event should assemble at Memorial Park at 5 p.m. to parade from there up Avenue M to the scene of the carnival grounds in front of the courthouse. When they arrive at the grounds, prizes will be awarded children who are wearing the cleverest costumes. A first, second and third prize will be given and the principal consideration of the judges is to be appropriateness of the costume for the Halloween occasion.

Following a crowning of the queen on an improvised platform, a short review will be held, including a dance solo and twirling exhibition.

All booths at the carnival will be ready for business at the conclusion of the parade. Mexican food, hot dogs, cookies, candy, popcorn and other goodies will be on sale and entertainment will include pony rides, hay ride and buggy ride as well as a fortune telling booth and house of horrors.

Proceeds of the carnival go to the Elementary School Parent-Teacher Association.

The contest will end at 1 p.m. the day of the carnival and money in jars will be gathered and counted at that time. Votes are one cent per vote.

One set of prizes are to be awarded children in the first three grades and three others are to be given for the best in the fourth through eighth grades.

5 Hondo Men Initiated Into Alzafar

Five Hondo men were recently initiated into Alzafar Temple Shrine at San Antonio.

The five men, George Dawson, O. A. Fly, Paul Pope, Charles Lutz and Jim Council, were received into the organization Oct. 13.

C. J. Monkhouse, Hondo, celebrated his 40th anniversary with the group during the meeting. Mike Herweck and B. A. Scheweers, members of the organization, accompanied the men to the meeting.

Castroville May Install City Lights

At the suggestion of Alderman Eugene Suehs, the Castroville City Council is introducing a campaign for street lights in Castroville.

The safety and convenience provided by installation of street lights at regular intervals throughout the town would be far beyond the nominal charge made to each customer, according to the Council.

Estimated cost for each customer would not be more than 30 cents per month, and may be considerably less, depending on the number of subscribers. All utility customers will find a card enclosed with the utility bill they receive Nov. 1, inviting them to express their opinion regarding the proposed street lighting project.

They are asked to sign the cards and return them to the city office in order that an honest appraisal of the citizens' desires may be made.

Medinans Attend VFW Convention

Several Medina County citizens attended the Veterans of Foreign Wars and Ladies Auxiliary meeting in Uvalde last Sunday.

Registration, an open house was held. The Ladies Auxiliary welcome was given by Jean Caddell, Auxiliary commander from LaCoste.

Edith A. Bauerlein, president of District 11 VFW Auxiliary at LaCoste, presided over the meeting. Mrs. Bauerlein gave a report on the department meeting at Amarillo and Mrs. Bauerlein presented a report on the National meeting. Each auxiliary president gave reports on their auxiliary activities.

and steel products**

Many high quality iron and steel products for home, industry and business are rolled, fabricated and heat-treated with natural gas. Natural gas is used because temperatures and furnace atmospheres can be controlled with exactness . . . and because gas does its job so economically.

United Gas offers iron and steel fabricators of the Gulf South, and many other plants locating along its pipe lines, adequate, uninterrupted supplies of dependable fuel the year around. This is an important factor in attracting industry to this area.

CITES AN OVERSIGHT
THAT AMERICANS SHOULD NOT
HAVE ALLOWED TO OCCUR

ETERNAL VIGILANCE IS THE PRICE OF LIBERTY

Tuesday, October 23, was "United States Day," so designated by a little known organization calling itself "The United States Committee, Inc." and headquartered at Tulsa, Oklahoma.

No doubt its program, in common with so many other well-meant movements, was more neglected than observed.

But the need for such organization grows more apparent as the days pass and the public, seemingly at least, becomes more complacent with things as they are — or as they grow worse! To make this fact more clear, we quote here a brief extract from its announcement of the purpose of the organization and its program:

"The time has come for all patriotic citizens to stand up and be counted!

"It is not enough for us to remember the virtues of our constitutional form of government and the dangers already underlining it:

"We must recognize the tremendous propaganda machine it is attacking our way of life and meet it head on.

"First we must face the fact that the internationalists in the endless, alien-controlled United Nations, through UNESCO, together with those in government positions, aided by the tax-free endowed funds of foundations, are an almost unlimited amount of money at their disposal for propaganda purposes and that they are making good use of it to wash the American people against the ideals that have made the United States great and the favor of socialist and international ideas.

"They have entered every educational agency, the press, radio, television, schools, colleges, women's clubs, civic organizations, even the churches. Their propaganda is literally flooding every avenue to the mind of man, woman, and child. And the only chance to offset the enormous information they are pouring in, is to meet them on every level of battle, and give the people the truth. Truth will win the battle for the minds of people.

REMEMBER WHEN

October 20, 1906

Ex-Officio County Superintendent of Schools, H. E. Haass, put in a tabulated report of school affairs in the county. From the report he compiled the fact that there were 22 white and 4 colored children in the county with 1600 acres and 185 colored, or a total of 1735, children in the county. 1124 whites and 106 colored were enrolled in school. Hondo Independent district levied a 14c building tax. D'Hanis levied no tax.

C. B. Woodward publishes a notice to the effect that hunting in his pastures in Frio Medina and Zavala Counties is forbidden. All permits cancelled. Marks advertises to sell "cheaper than any store in Medina County" and is "prepared to give it."

Harry Batot, section foreman of the Sunset had resigned job in San Antonio and came to Hondo to reside on his farm. G. Senne was up from Yan. and reported "plenty of cotton in the fields."

October 21, 1916

Friends of Mrs. H. F. Buss arranged her a surprise party, Saturday night, October 14th. At 10 o'clock coffee and cake was served to the guests, the list of whom occupied almost half a column to name.

Miss Lizzie Schuehle entertained the T. B. C. Club at an after-party Saturday, the 19th. While some of the girls were busy making things for their chests others were making Christmas presents. Those present were: Misses Bessie Mae Hancey, Lola Buchanan, Abigail Bradley, Mary Kempf, Mesdames P. L. Crain and R. A. Crain.

Two rains, totaling 2.13 inches, during the week. "Oat planting will now be the order of the day."

Deal was made whereby Wal-McClaghtery acquired the best of John Horgan in the stable and the firm is now laugherly & McClaghtery. W. Crow, Singer Machine Co. was exhibiting his machine at V. A. Crow's jewelry and the fancy work being on it by Miss Sofia Chapa. It had much favorable comment.

October 23, 1926

George Gilliam and two daughters were here from visiting Mrs. Gilliam's parents, Mr. and Mrs. Isaac Wilson. On Clinton, P. C. Jagge, son of Clinton, took in the big game in San Antonio and visited his in that city Friday.

Elizabeth Fly, daughter of Mrs. D. H. Fly, was being "recognized as a member of the Honor Students," which gives the recipient special student privileges.

W. T. Hardy & Fuel Co. "has started a four-inch main from Medina County field, where it is producing wells, with two being developed, to Hondo, and away, and to D'Hanis, and these points will be served by gas."

Monons and their families were planning to enjoy a social hour

But it will take the cooperative efforts of all patriotic persons. We face a mighty foe. But with TRUTH as our sword and the Author of Truth as our Helper, we cannot fail.

"We have to be prepared for unfair attacks. This has been the method used by those opposing all patriots and patriotic groups. They use a smear campaign against all who put the interests of the United States above every other nation. They call such person or groups, Extreme Rightists, Super Patriots, or even Hate Groups, though most patriotic persons and groups are neither extreme nor hate groups. We do not hate even our enemies; but we do love this land we are glad to call our own and we want to keep it the wonderful land that it has always been, the land of the FREE and the home of the BRAVE.

"UNITED STATES DAY should be observed by every City, Town and Community throughout the Nation."

"To bring to the attention of all the people the fact that the people of this nation have enjoyed greater freedom and a higher standard of living than the people of any other nation in the history of the world.

"And that these freedoms and standard of living have resulted from our form of government.

"Ours is a government, which, under the Constitution and Bill of Rights, protects the individual and the States, and assures the independence and sovereignty of the nation.

"It is an obligation of every local citizen to protect this heritage and pass it on to future generations.

"To awaken the American people to the fact that we are in grave danger of losing our freedoms and national sovereignty by the usurpation of individual and states rights by the federal government and surrender of national sovereignty to internationalism."

While the two dominant political parties fight their sham-battle over extraneous or minor matters in their struggle for the spoils of political victory, let us "think on these things!"

at the auditorium on Monday night, October 25th. Among the features of entertainment, the presentation of several veterans' jewels was planned.

Mrs. Mollie M. Harper King, wife of I. H. King, died on October 13. Her son-in-law, Rev. J. W. Long conducted the funeral services at the Methodist Church, and her pastor, Rev. W. S. Ezell, paid her a lengthy tribute in the paper. She had come to the county as a child many years previous and had been a resident ever since.

October 23, 1936

A prenuptial compliment was tendered Miss Helen Ann Miller, bride-elect of Colby Whitehead of Vivian, La., in the twilight hours of October 20 at the home of Mrs. Jack Lacy. The hostesses were Mesdames Lacy, R. J. Decker, R. J. Noonan, Thas. B. Knopp, W. H. Case, Andrew Bless and W. H. Smith. A feature of the event was a musical presentation by Mrs. Volney Boon, Misses Frances Finger, Ethel, Sara and Josie Rothe and Evelyn and Margaret Ann Knopp. The wedding was to take place Saturday, October 24, 1936, in Vivian, La.

The Chamber of Commerce, at a regular Monday night meeting considered a Five-Point Improvement Plan. These included a Retail Credit Bureau, for uniform closing times and dates for stores, and for the advancement of business and the promotion of such sales stimulants as dollar-days and others. O. A. Fly was appointed to head the committee. Present at the meeting were Harry Filleman, W. L. Windrow, R. L. Kollman, O. A. Fly, H. C. Richards, R. C. Rath and Allen Webster.

Sheriff Jack Fusselman apprehended two girls, aged 13 and 16, Monday night while they were wandering the streets. They had run away from the Public Welfare Department at Indianapolis, Ind., and had made their way to Hondo in four days.

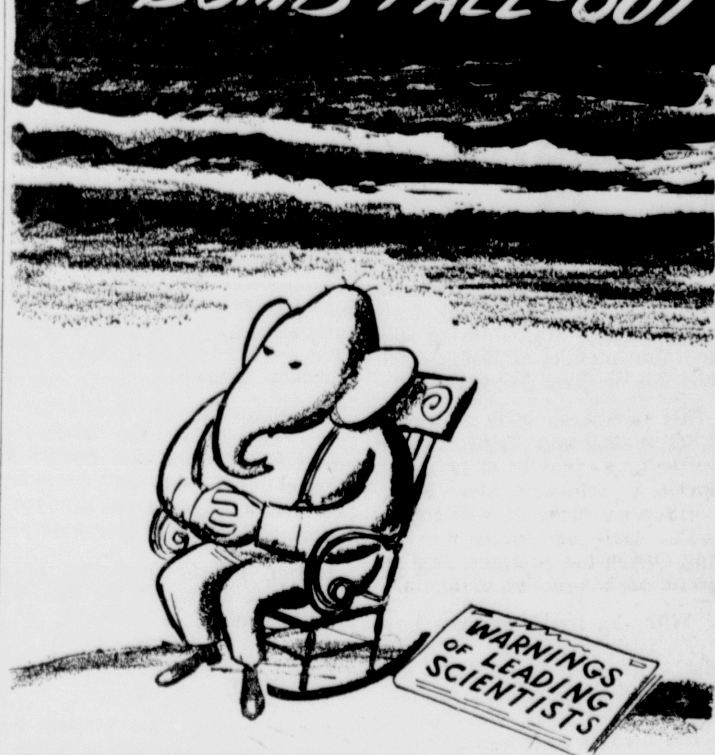

Tax-Assessor-Collector James Duncan reported the tax-assessable property in Medina County totaled \$9,970,620. The tax amounted to \$171,903.49.

S. O. Woolle and A. C. Gilliam were delegates to accompany Rev. H. Ellis Thomas to the S. W. Texas Methodist Conference at Travis Park, San Antonio, on Oct. 23-27.

Mumme's Hatchery made its first shipment of chicks by airplane Tuesday. They went to Tampico, Mexico.

H-BOMB FALL-OUT

THE FUTURE OF THE WORLD AT STAKE —

Stevenson And The H-Bomb

In his television broadcast to the nation on the H-bomb, Adlai Stevenson made sharp the distinction between his approach to an enduring, safe peace, and that of the Eisenhower Administration.

The distinction is between Stevenson's unwillingness to accept defeat in the search for a way to tame the H-bomb, and the Administration's unwillingness to consider or discuss new ideas in this all-important field.

The key to Mr. Stevenson's attitude is contained in this paragraph:

"This is one matter on which the defeatist view that nothing can be done must be rejected. I say that something can be done, that the deadlock can be broken, that the world can make a new beginning toward peace."

Toward this end, Mr. Stevenson proposes to make it "the first order of business," if elected President, to seek an agreement with the other atomic powers on banning large H-bomb tests, "by conference or by consultation—at whatever level—in whatever place—the circumstances might suggest would be most fruitful."

Clearly, Mr. Stevenson intends not only to make this "the first order of business," but he also intends to give it his personal attention as Chief Executive. Clearly, too, he did not rule out the possibility of a conference at the highest level — a summit conference of the heads of the three atomic powers, the United States, Great Britain and Russia — in an effort to reach an agreement on the banning of future hydrogen-bomb tests.

The heightened possibility of such an agreement is emphasized by the fact that since Mr. Stevenson made his first test-ban proposal last April, both Russia and Great Britain "have declared their willingness to join us" in halting future tests, as Mr. Stevenson pointed out in his broadcast.

In contrast to Mr. Stevenson's willingness to confess "at whatever level, at whatever place" necessary is President Eisenhower's flat assertion that he has said his "last word" on this subject which affects the very future of mankind. As Mr. Stevenson said, "This is one subject on which there cannot be, there must not be, any last word."

Mr. Stevenson's views were given authoritative reinforcement by two Senators who hold key positions in the U. S. atomic and military security fields, and who participated in the broadcast with Stevenson. Senator Clinton Anderson of New Mexico is the Chairman of the Joint Congressional Committee on Atomic Energy, which by law is entitled to all of the information on atomic energy that is available to the President himself. Senator Anderson gave eloquent testimony both as to the necessity of halting H-bomb tests as soon as agreement can be reached to do so, and as to the safety of such an agreement from the point of view of U. S. security.

Senator Stuart Symington of Missouri, former Air Force Secretary and more recently chairman of a special Senate Subcommittee that held extensive hearings on U. S. airpower, is well qualified to point out that it has been the Eisenhower Administration that has endangered U. S. security with its deep cuts in the Air Force and Army budgets, despite the persistent efforts of Democrats in Congress to maintain proper defense forces.

As Adlai Stevenson said, "We cannot brush the hydrogen bomb under the rug."

By his proposal to make a fresh assault on the barriers to world disarmament and world peace, he has given America the opportunity to "put the world on a new path to peace."

Savings Bond Sales Show An Increase

Frank X. Vance, County Savings Bonds chairman, reported today that Series "E" Savings Bonds sales in Texas for September had increased 9 per cent above sales of September, 1955, but sales in Texas must be increased if we are to make our quota, Vance continued.

The Series "E" sales for September were \$12,853,819; Series "H" sales were \$1,811,000. These figures compare with Series "E" sales of \$11,716,088 and Series "H" sales of \$2,378,000 for September 1955.

Sales in Medina county for September were \$5,608. Sales in Medina County for the nine months were \$163,345. This represents 53.4 per cent of the quota for Medina County.

Vance stressed the importance of the Savings Bonds Program to the individual, the community and the nation. He stated that 2 million Texans have \$2 billion dollars invested in Savings Bonds. That much stored up buying power is reassuring for the future of our economy, he concluded.

48,442 Register For Draft

AUSTIN — A total of 48,442 Texans registered at local draft boards in the state during the first nine months of 1956, practically all of them 18-year-olds.

This compares with a total of 48,732 males who registered in the first nine months of 1955, Col. Morris S. Schwartz, state Selective Service director, who reported that draft registration was lagging during the summer, said registration has picked up again.

"With the trend we now have in registration," Col. Schwartz said, "we will finish 1956 with more registrations than in 1955. This is what available statistics would lead us to expect."

Federal law requires all males to register with the draft board in their areas on their 18th birthday, or within five days thereafter. If they are not at home, they are required to go to the nearest board.

Col. Schwartz pointed out that the young man away from home should give his home address to the draft board clerk where he registers if he wants his registration to be under the jurisdiction of his local board at home.

Since the present draft law was enacted in 1948, all males born since August 30, 1922, have had and now have a legal obligation to register, except those not yet 18.

A man who fails to register as required, upon prosecution and conviction, is subject to fine up to \$10,000, or five years in prison, or both.

Here In Hondo M&M John Brucks and Miss Darlene Brucks spent the weekend in Dallas attending the State Fair.

Seco Shows He's Not A Student Of Abe Lincoln

Editor's note: The Seco Philosopher on his Johnson grass farm is no student of Abraham Lincoln, his letter this week reveals.

You wouldn't exactly call me a student of history, I'm like most of us, I'm not sure what happened yesterday, not to mention century before last, so it was with considerable pleasure I read in what a candidate said about Abraham Lincoln.

According to him, it was Lincoln's idea that the Federal government should "do for people the things they can't do well themselves," and he was in favor of that philosophy of government.

I want you to know that I'm in favor of it too, but the trouble is not enough government officials will follow up on it. They've left me and Abraham Lincoln high and dry.

For example, take writing a check. I don't know why it is, but the government is a whole lot better at writing checks than I am; that is, if you take the long-range view of writing a check and include getting it cashed. I don't mean to say the government doesn't write a lot of checks. My complaint is not enough of them are addressed to me.

Or, take plowing. That's something I never have been able to do well for myself, although up to now the government has ignored Lincoln and left the job to me, as the shape my farm is in will demonstrate.

Other things I can't do very well are build a fence, patch a roof, clean out a well, butcher a hog, hoe a garden, mow the lawn, etc. As far as I'm concerned, to take just one example, I think I can prove I can't plow very well for myself, and while I don't know that the government can do it any better, my notion is a lot of

government workers are where they are in order to escape the plow, but that's not what Lincoln said. What he said was, according to this candidate, the government ought to do for me what I can't do well myself.

Obviously this opens up a brand new field for government activity, and I am now working on a list of all things I can't do very well and will appreciate you finding out and telling me where I'm supposed to mail it. I'm on page five of my list now.

Yours faithfully, J. A.

Mothers Hold Discussion On Dinner

A turkey dinner, to be served Nov. 18, co-sponsored by St. John's Altar Society and Mothers' Club, was the main topic of discussion at the meeting of the Altar Society Oct. 17.

In addition, members voted to purchase several large folding tables, a banquet cloth, a punch bowl and crystal plates. Mrs. W. O. Rothe was made chairman of this project.

Reports were given by chairmen of the various committees, and Mrs. Ralph Jones, delegate to the Archdiocesan Convention of the Council of Catholic Women gave her report; Mrs. W. A. Breidenbach, chairman of discussion clubs, reported that nine discussion clubs have been formed, and she also demonstrated and sold coat hanger guards for the benefit of the society.

Past presidents, Mrs. W. A. Breidenbach, Mrs. Paul Bendele and Mrs. Volney Boon are the nominating committee to procure officers for the year 1957.

Mrs. J. F. DeGrodt became a member. Hostesses were Mesdames Al Schiffers, Jake Schuehle, Ben Schoelman and W. O. Rothe.

Biry HD Club Hears Report At Meeting

Mrs. Alfred Neuman was hostess Oct. 17 to the Biry HD Club with all its members and the Home Demonstration agent, Mrs. Estella Strayhorn present. Mrs. Neuman read the Council report and also gave a report on the games' party in which the club made \$93.70. The quilt, which was raffled, was won by Mrs. Paul Meehler of LaCoste. Names for the Christmas party were drawn. Mrs. Strayhorn gave a report on the Roundup Review of the National Home Demonstration Convention which was held in San Antonio in September.

Lice Control Needed When Spotted

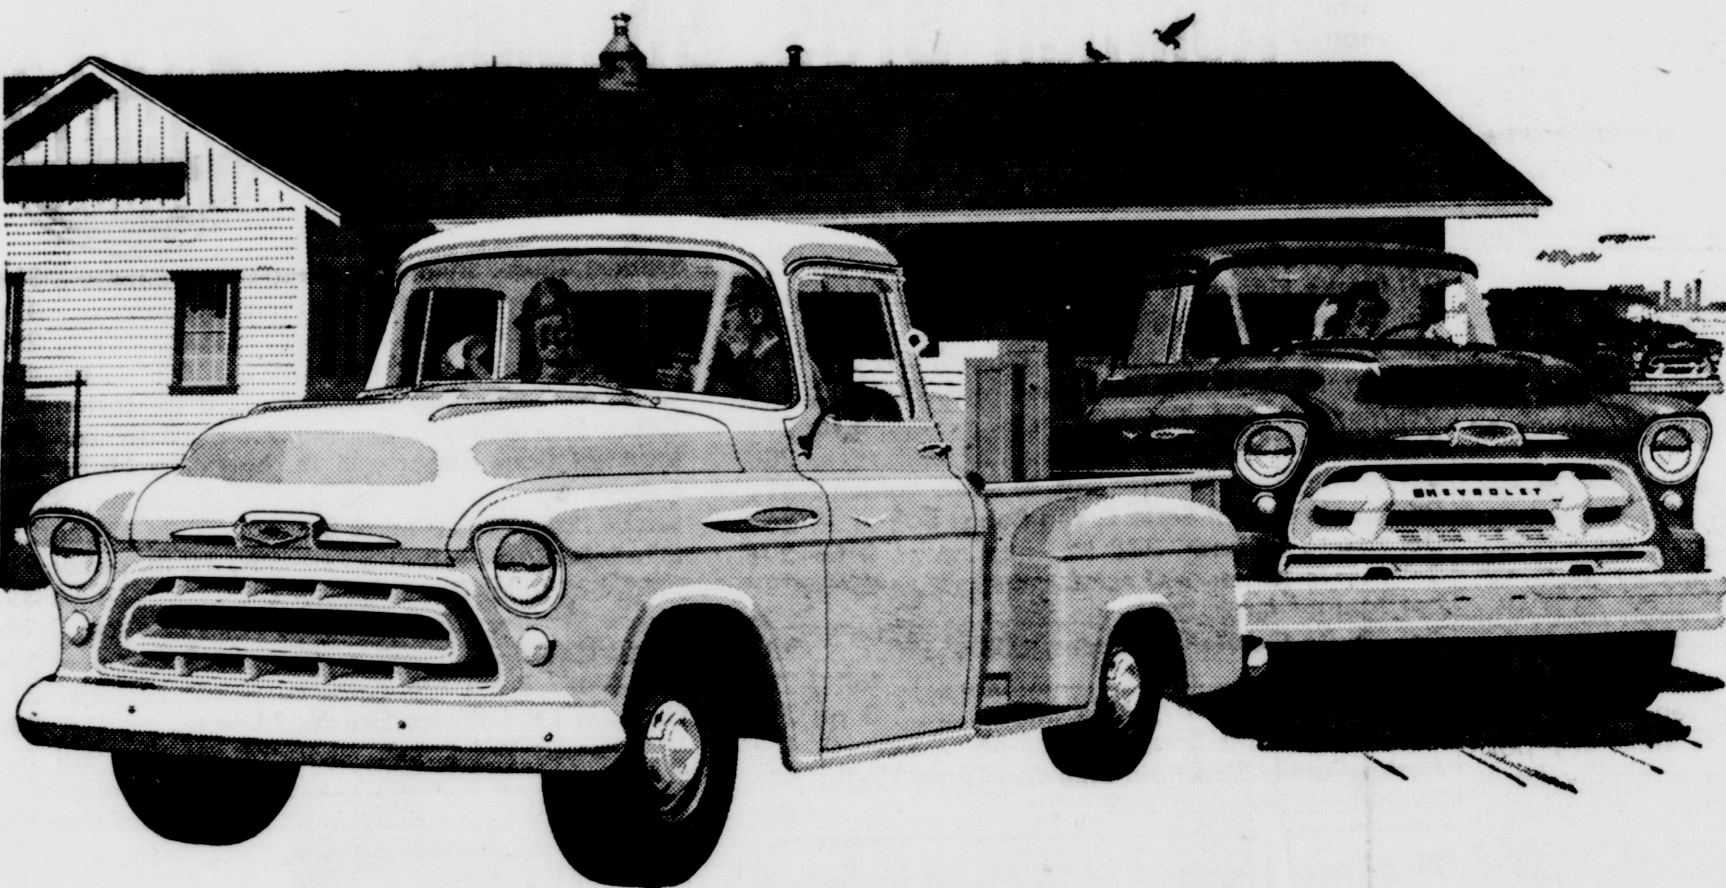

Cattle raisers were reminded this week that measures should be started at once to control lice if the pests are spotted in their herds.

Prompt application of control measures at this time of the year should greatly reduce the losses caused by these parasites and will help protect the herd during the winter months ahead.

Lice not only cause damage to the skin and hair coat of cattle, but may also be responsible for serious anemia. In fact, the Foundation says that such severe infestations may result in death of young animals. Certain blood sucking cattle lice may serve as vectors (transmitters) of several cattle diseases.

All cattle and their quarters should be sprayed with a recommended insecticide, mixed according to directions of the manufacturer. If cold weather makes spraying impossible, dusting with a powdered chemical can be done.

Lice infestations are fairly easy to spot because the affected cattle start rubbing and scratching.

Here! New Task-Force 57 Chevrolet Trucks! Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgemothers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new '57 Chevrolet trucks, representing light-, medium- and heavy-duty models and heavily loaded with cargo, roared north from Dawson Creek, B. C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. The fleet made normal stops along the way, and maintained safe and legal speeds. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

It's all down in the AAA record book. And more besides! Never before has a new truck been so thoroughly proved. Come in and see how well these new Alcan champs measure up to your job.

FIRST WITH THE MOST MODERN FEATURES!

New 283-cubic-inch Taskmaster V8 delivers 160 high-torque horsepower. Standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

New 1957 work-styling gives Chevrolet trucks an even fresher, fleetier appearance. There are three different and distinctive styling treatments.

L.C.F. models outdate the C.O.E. because they're lower, handsomer, easier to get into and out of, and save time in routine engine maintenance. Yet they offer all the traditional C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. And Chevrolet's advanced tandem axle unit offers a built-in three-speed power divider—plus a unique "self-steering" action that reduces tire wear and increases handling ease.

Alcan fleet gets up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and extra-cost Overdrive.

All the way in DRIVE range! This Powermatic-equipped 10000 Series tractor traveled the entire Alcan Highway in a single forward-speed range!

Constitutional Amendments

INCREASING THE ALLOWABLE COST TO THE STATE AND TO MEMBERS OF THE TEACHER RETIREMENT SYSTEM; BROADENING THE BENEFITS; REVISING ELIGIBILITY REQUIREMENTS; AND EXPANDING THE CONDITIONS UNDER WHICH MONEY ACCUMULATED IN THESE FUNDS CAN BE INVESTED.

S. J. R. No. 5

Senate Joint Resolution No. 5, adopted, would amend Section 8a of Article III of the Constitution of Texas, which authorizes the Legislature to levy taxes for the establishment of a Retirement Fund for persons employed in public schools, colleges and universities supported wholly or partly by the State. Many of the changes being discussed would not be made by the amendment itself but by Senate Bill 290, which was passed at the last session of the Legislature, to be effective if this amendment is adopted.

The amendment would substantially broaden the present constitutional authorization. It proposes an increase in the amount which will be paid by such employees, and matched by the State, from 5 per cent of the employee's income to 6 per cent. It increases the maximum limit on the contribution from any one person from \$180 per year to \$504 per year and it extends the purpose of the fund to include disability and death benefits as well as retirement pay.

This section of the Constitution now requires that a person, in order to be eligible for a pension, must have taught twenty years in the State of Texas. The proposed amendment shortens this minimum service requirement to ten years and instead of using the term "taught" it requires "creditable service" for that many years. It eliminates the requirement that service must have been performed in Texas.

It adds the requirement that a person may not retire before either attaining age fifty-five or completing thirty years of creditable service. Those failing to meet qualifications for retirement are entitled to a refund of money they paid into the fund. Despite its removal from the constitutional amendment, the word "taught" is defined in the present law and also in Senate Bill 290 to mean all regular services rendered by teachers and by auxiliary employees, contributing directly or indirectly to instruction offered by and in the public

guaranteed by the United States. Under this proposed amendment investment could be made also in "other evidences of indebtedness" of the above governmental units or agencies and also in bonds or other evidences of indebtedness of school districts or any other municipal corporation or district of this State. Investment would be further authorized in such other investments as are now or hereafter may be permitted by law as investments for the Permanent University Fund or for the Permanent School Fund of this State.

Senate Bill 290, substantially rewriting law controlling the Teacher Retirement System, would become effective and operative immediately upon adoption of this proposed amendment. If the amendment is rejected, the present law will continue in effect.

This bill sets a minimum retirement benefit of \$1200 per year for a teacher member who has completed twenty or more years of creditable service and retires after attaining sixty years of age. Teaching service includes professional or business administration, supervision and instruction. It would guarantee at least \$900 per year to a teacher who has completed more than ten years but less than twenty years of creditable service and retires after attaining sixty-five years of age.

A minimum of \$900 per year is set for auxiliary members who have twenty or more years of creditable service and retire after attaining sixty years of age. A guarantee of at least \$900 per year would be made to auxiliary members who complete more than ten but less than twenty years of service and retire after attaining the age of sixty-five.

The bill provides that if its changed formula for retirement benefits should result in reducing annuities or benefit allowances approved prior to September 1, 1955, the benefits shall continue to be paid to recipients under the law in effect at that time. In addition, it calls for increasing benefits which are less than the minimum it provides. It has been said that there are some retired teachers now receiving \$20.87 a month who would have their benefits increased to \$100 a month by this bill.

Any member of the Retirement System who has been employed for one year or more as a teacher in any public school system, maintained in whole or in part

schools of this State. Specific mention of disability and death benefits is new in the proposed constitutional amendment but there are provisions for such benefits in the present law. The practical result of adding them in Senate Joint Resolution No. 5 is to remove them from any constitutional requirements as to age and length of service.

Money contributed by employees and matching money from the State in the Teacher Retirement Fund can now be invested in bonds of the United States, the State of Texas, or counties and cities of this State, or in bonds issued by an agency of the United States Government when payment of principal and interest is at public expense in the United States or the Panama Canal Zone, would be allowed credit for such service under Senate Bill 290, after due application. Such credits could not exceed one year for each two years of service in Texas, and not more than ten years total credit for out of state teaching service could be purchased. For each year's credit purchased, he would have to pay 12 per cent of the annual compensation received during his first year as a teacher in this State. If already a member of the system on September 1, 1955, he would pay 12 per cent of the annual compensation received by him during the first year following the effective date of the Act.

In the fiscal year which ended August 31, 1955 the State cost for teacher retirement was, in round numbers, \$14,790,000, and in the first eleven months of the 1956 fiscal year it exceeded \$16,000,000. Increased cost to the State if this amendment and law should be adopted would approximate \$4,500,000 per year.

There has been a serious question raised as to the actuarial soundness of the Teacher Retirement System under Senate Bill 290. The law was developed from a study made by a nationally known firm of consulting actuaries. However, the Actuary to the Teacher Retirement System, who is a member of a well known firm in this State and who acts as actuary for a number of county and municipal systems, resigned his position, saying that the proposed legislation was so unsound financially that he could no longer

in good conscience continue as actuary to the system. In a letter to the Chairman of the Board of Trustees of the Teacher Retirement System, which was rather widely distributed, he argued that the bill attempts to grant liberalized benefits without providing the funds necessary to pay such benefits, and can result only in serious difficulties and disappointment to both the State and members of the system. Further, he said that in the light of the proposed inadequate financing, serious inequities between young and old teachers would arise in the proposed use of State contributions.

Since the actuaries are not agreed it seems worthwhile to look to the type of reserve which is provided. The law does not require the State's contribution to be credited each year to an actuarial reserve for the individual member whose contribution is matched. The proposed constitutional amendment makes it clear that the State would not be matching the individual member's contributions but rather, it would be matching the aggregate amount required by law to be paid into the fund by all members. Under present law and under Senate Bill 290 the State's contributions are to be kept in a separate fund until payment of a benefit is approved. Present law states how much shall be transferred at that time to a reserve for payment of a benefit. Senate Bill 290 provides for the transfer of whatever amount is certified by the system's actuary as needed, together with the member's own accumulated contributions, to provide in the aggregate the amount required for discharge of the benefit specified in the Act.

If experience should prove that the proposed constitutional amendment does not provide enough money on a reasonable actuarial basis to pay the benefits set out in Senate Bill 290, the State could possibly make up the difference, for some limited period of time, out of State moneys already accumulated in the fund plus the new State contributions each year to match current member contributions. The State would then be on a sort of pay-as-you-go basis; its ability to

TELEPHONE TALK

by Winston Rozelle, Manager

Color Comes to Telephones

"What's your favorite color?" is often a popular topic of conversation among school children.

When girls are talking about Susie's new dress, or boys get together to comment — sometimes critically — on a new jacket in the crowd, everybody has a special color — the one they like best.

Mostly it's blue or red. But again, it might be green or yellow, or any of the other colors of the rainbow.

Well, color has become a popular subject at the telephone company — namely, the new color telephones.

We don't boast having telephones in every color of the rainbow, but we do have them in eight, bright beautiful colors. You can choose from ivory, beige, red, brown, green, grey, yellow and blue.

Color telephones brighten up your home by blending or contrasting with the color schemes. They add smartness to an office or store, too.

The cost is \$10 for the set, plus a one-time installation charge of \$1.75, for a telephone in your favorite color. And if you order a color set as an extension for more convenience, just add the regular monthly extension rate of \$1.00 to the one-time charges. Call the telephone company today to order a color telephone. You'll be glad you did.

A Real Bargain

From time to time, stores come up with sales where you buy things at reduced prices, or even "two for one."

Here at the telephone company, we offer you what amounts to a "three for two" savings on Long Distance calls all year long.

You can place three station-to-station calls for approximately the cost of two person-to-person calls.

You see, a station-to-station call is really similar to a local call. Your call goes to a telephone — not a person. Frequently, the person you want to talk with is the one who answers.

Lower station-to-station rates let you call Long Distance more often. Take advantage of this bargain service and save money.

And remember, rates are lower every evening after 6 p. m. and all day Sunday.

"Just Pick Up the Phone"

How often have you said to someone, "Don't worry about it. Just pick up the phone and call."

Yes, the telephone saves you time and steps each and every day, because for many of your errands all you have to do is "pick up the phone."

Call by number. It's twice as fast.

Castroville H. D. Club Hears Report

A program on "Plan 3 a Day," was given by Mrs. Estella R. Strayhorn, Medina County Home Demonstration Agent, when the Castroville Home Demonstration Club met in the home of Mrs. E. J. Anderson, Oct. 18.

Mrs. Strayhorn, who as a delegate attended the National Home Demonstration Convention in San Antonio, Sept. 24-27, gave an interesting report on the highlights of the Convention.

Three new members, Mrs. Carl Anderka, Mrs. Eddie Morrison, and Mrs. Ernest Bippert, were welcomed into the club. Mrs. Ellis Burgess was selected the club's most outstanding woman of the year.

The next meeting will be held Thursday, Nov. 8 at 1:30 p. m., place to be announced later.

Devine Queen Hopefuls

Devine's annual race for carnival queen is now on again. Each of the four upper grades of Devine High School have nominated a candidate.

Jerry Kipps

Senior candidate for queen is Jerry Kipps, a 5'6" hazel eyed, brown haired girl. She is a member of the FHA and secretary of the Student Council. She is also a cheerleader at Devine. Her escort will be Bill Leuschner.

Anna Secrest

Junior candidate for queen is Anna Secrest, a 5'6" blue eyed blond. She is also a member of the FHA and is president of the Journalism Club. Her escort will be Bill McDonald.

Sophomore candidate for queen is Judy Dubose, a 5'4" blue eyed brunette. She is a member of the FHA, vice-president of the FTA and secretary of the TOT Club. She is also a cheerleader and will be escorted by Cyrille Van Damme.

Judy Dubose

Freshman candidate for queen is Genie Van Doren, 5' green eyed red head. She is a member of the FHA and Library Club. Her escort will be John Baker.

Winner of the contest will be crowned after the Junior Follies at the Halloween Carnival Oct. 27. The carnival is an annual event, sponsored by the senior class. Different classes and clubs have booths at the carnival. Some of these are "Spook House", "Marble Throw", "Country Dance", "Food Booth" and many others.

Medina Lake Will Get Fish Resupplied Soon

A "one-two punch" designed to renovate Medina Lake, popular Medina County fishing spot, has been definitely set for the immediate future, said the Chief Aquatic Biologist for the Game and Fish Commission.

The first blow has been shaped to rid the big lake of rough fish which have virtually crowded out the game species, and the follow through will be timed to take care of the surfaced shad and carp.

The Chief Aquatic Biologist said the chemical treatment of the lake under the state's pioneering selective kill program, will be marked by a record concentration of aquatic biologists to handle the treatment. Likewise, the greatest amount of removal equipment will be brought to the scene to dispose of the unwanted fish to minimize obnoxious odors.

Aquatic Biologist E. M. Dietz, in direct charge of the Medina renovation program, said commercial firms, mainly those interested in fertilizers and poultry feeds, will provide boats, trucks and the crews to man them, in the all-out effort for a thorough moping up routine.

Medina Lake, which is about

thirty miles from downtown San Antonio, was the second artificial lake to be created in Texas. It dates back to 1913 when the Medina River was dammed.

Seven years ago rough fish first began to crowd the game fish population and a complete fish kill — one of the first in the state — was undertaken. Good angling was restored for a long period. Then gizzard shad, carp and other rough fish began taking over.

Dietz said the treatment will leave game fish in the lake to permit resumption of "pretty weeks" after the treatment. Game fish, he pointed out, are not very sensitive to the chemicals which affect the undesirable species.

Rains Help Fill Lake Area

NATALIA — Probably the biggest news story in this community is the fact that Chicon Lake has water in it!

On Dec. 28, 1955, the lake was drained and since that time has been completely dry. Heavy rains, falling last week in the hills north of the lake, brought Chicon Creek to half full and filled the lake to within four and one-half feet of the spillway.

The lake will be restocked with fish as soon as the water clears, according to Max T. Sievers, keeper of the lake property.

At the time the lake was drained last December, a small pond was prepared on the north side of the lake near a well. More than 1,000 Crappie, 500 or more bass and several large catfish, some weighing as much as 16 pounds, were placed in the pond, according to Sievers. These will now be placed in the lake, along with a supply to be brought in from state fish hatcheries.

According to E. H. Whittington, Herald correspondent from Natalia, the fish in the pond follow people all the way around the pond, just daring them to throw something to eat in the water. Whittington said when he would walk, the fish would swim along with him at the same rate of speed and when he stopped, the fish would stop, waiting for something to eat.

It may be a different story when they get in the lake!

Highway 90 Association Holds Meet

The "Travel U. S. 90 Highway Association" held a directors meeting in Del Rio Oct. 14.

Discussion on the Pecos Bridge turned to trying to get it dedicated as the Blue Star Memorial Bridge. A dedication committee was set up to work out a program for dedication of the bridge when it is complete.

The next meeting of the group was set for Jan. 13, 1957, in San Antonio.

The treasurer reported a balance of \$179.79 on hand as of Oct. 14. The following Castroville merchants have contributed money to the association:

J. F. Second Grade Has Program For PTA

Second grade students under the direction of Mrs. Harold Maynard presented a Halloween program for members of the Hondo Elementary Parent-Teacher Association Tuesday night. Their show was divided into three parts including two songs, a reading and a short skit.

Mrs. W. T. Hardy, president, opened the meeting and the Rev. Harold Goodenough, pastor of First Methodist Church, spoke briefly on "Honesty". Mrs. Ernest Dadds reviewed the contents of Amendments 3 and 5 which will be voted on in the general election Nov. 6. Both these amendments deal with schools of the state. Amendment 3 concerns use of state school money and 4 deals with teacher retirement.

The room count was won by a second grade class, that of Mrs. W. B. McWhirter, and they were given money for a book for their classroom by the Parent-Teacher Association.

The Halloween Carnival was briefly discussed.

BARBECUE...

(Continued From Page One) but for the entire student body here at Hondo.

"We, in the youngest class, were not only impressed by the amount of food (we kept eating until we were stuffed) but more important, by the friendliness of the people who served it."

"It was a perfect way to start out six months tour of duty here at Hondo. We hope we will have other chances to meet you, and we again thank you very much."

Youth Week To Be Held In Hondo

St. John's Sodality is planning activities to celebrate National Catholic Youth Week, which begins Oct. 28 and continues through Nov. 4.

On the committee for the social to be held Monday night are Gail Knapp, Anna Taylor and Rita Hoffman. Dancing and games will provide the entertainment, and refreshments will be served at the Parish Hall. Sunday, the youth will receive Holy Communion in a body at the 8 a. m. Mass.

This year, seven million Catholic young men and women are participating in the sixth annual National Catholic Youth Week. Theme of the Week is "Trust in Youth".

The Sodality recently appointed Committee men to plan the activities for the year. They are Rita Hoffman, Cultural Chairman; Rita Ulrich, Spiritual Chairman; Gail Knapp, Social Chairman; and Richard Moos, Physical Chairman.

The American Flag was first used at Cooth's Bridge during the Revolutionary War.
Delaware was the first state to ratify the U. S. Constitution.

Montgomery, Alabama was the first capital of the Southern Confederacy.

PAGING THE LADIES

Mr. and Mrs. Herbert Herrera
Brisbois-Herrera Rites
Held In Ottawa, Canada

Florence Margaret Brisbois became the bride of S-Sgt. Herbert Herrera, USAF, A-1C F. D. Phillips, USAF, and Peter Charrier of Ottawa, The bride's brother, Barry Brisbois, was ring bearer. The bride chose a floor-length gown of white tulle over satin embroidered in a silver leaf motif. The fitted bodice was styled with a sweetheart neckline and short sleeves and the bouffant skirt featured a deep flounce of pleated tulle.

Her finger-tip veil of tulle, trimmed with seed pearls and sequins, was held by a tiara of iridescent sequins, seed pearls and rhinestones. She carried a bouquet of red roses and stephanotis.

Following a reception, the couple left for a honeymoon trip to Montreal.

Mrs. Herrera chose a winter white wool suit with black accessories for the trip.

They will make their home in Ottawa.

Miss Boehle Honored At Shower

The home of Mrs. Floyd Saathoff was the scene of a Kitchen Shower honoring Miss Mary Ann Boehle, bride elect of Harold Hartman, Thursday, Oct. 18. Upon arrival, the honoree was presented with a bronze mum corsage which looked lovely with her avocado attire.

Several kitchen games were played and prizes awarded to Mrs. Clarence Saathoff, Mrs. Clarence Bohlen, and Mrs. Richard Lynch, who in turn presented them to the bride elect. The honoree then opened her many beautiful and useful gifts after which refreshments consisting of cheese and ham salad sandwiches, potato chips, cake and ice tea with plate favors of miniature umbrellas filled with mints were served to approximately 20 guests by the hostesses, Mrs. Aileen Bohlen, Mrs. Mamydel Schneider, Mrs. Norma Rothe, Mrs. Floyd Saathoff, and Miss Ursie Lee Rock.

MR. AND MRS. ROBERT Holden, Hondo, have announced the engagement and approaching marriage of their daughter, Queen Esther, to S-Sgt. Roscoe P. Winston of Keyesville, Va. The wedding will be held Nov. 24 at Medina Air Base Chapel.

Castroville Girls Get Real Thrill

The No-we-to-m-pat-im-mum campfire girls of Castroville, started off their series of "Know your Town" meetings with a thrill last Tuesday.

The girls visited the telephone exchange, where the operator described her many duties. She had just finished telling how she controls the fire siren, when she had to give a demonstration. A barn fire was reported from LaCoste, and the girls got to watch her sound the alarm, and pass the word to the firemen.

All of the girls were happy to welcome Barbara Biediger back after a recent operation.

Castroville Celebrates Old Custom

Mr. and Mrs. Louis Cadena, Castroville, celebrated the 15th birthday of their daughter, Sophie, Sept. 30.

An old Spanish custom, the day began by Mass of Thanksgiving at St. Louis Church, officiated by Father Goertz.

The honoree and guests attended a breakfast in St. Louis Parish Hall. A reception was held at 4 p.m. and a formal dance followed at the Legion Hall.

Out-of-town guests included Mr. and Mrs. Henry Cadena, Mr. and Mrs. Henry Hune, Mr. and Mrs. Gilbert Rodriguez and Mr. and Mrs. Julian Hernandez and family.

Honored guests at the breakfast were Mayor and Mrs. Woodrow Sharp, Judge and Mrs. Joe Bader, Mr. and Mrs. Charles Suehs Jr., Mrs. Pablo Garza, Mrs. Jesse Martinez, Mrs. George Mecher, Mrs. Desiderio Raygosa, Mrs. Raymond Ehlinger, Miss Frances Garza, Mrs. Lynn Boehme, Mrs. Ernest Adams, Miss Ealalia Fuentes, Miss Margaret Altiveras, Mrs. Marcelina Garcia and Mrs. Eugene Jungman.

There were 65 guests present for the breakfast and 100 at the reception and dance.

Dancers Perform At Coronation

A dance class of the O'Neill School of Dance of Hondo, performed at LaCoste Saturday night, following coronation of the LaCoste High queen.

Doing a tap dance, "Buttons and Bows" were Toni Clapham, Eddie Berger, Susann Zinsmeyer, Sharon Hilsner, Gregory Meyer, Claudia Holman and Karen Ann Miller.

Others attending from Hondo included M&M Jerome Zinsmeyer, Mrs. Kenneth Clapham, M&M Bill Berger and Barbara, and Dr. and Mrs. John H. Meyer, Susan and Sharon.

Anita Pettit Honored On Birthday

Anita Pettit was honored by her mother with a Sweet 16 birthday party Friday night. The crowd sang the birthday song while she opened her gifts.

Bunco and pitch were played during the evening. Refreshments consisted of chicken salad and pimento cheese sandwiches, birthday cake and cold drinks.

Present were Carol Dee Parsons, Mary Elsie Heinlin, Sara Moore, Judy Nester, Bonnie Patterson, Jolene Tomerlin, Anna Taylor, Diane Pope, Virginia Clements, Freddie Atkinson, Richard Corder, George Gaston, Kenneth Nietenhoefer, Ed Donlavy, Kenneth Grell, Tommy Zuberbuehler, Robert Wurzbach and the honoree's mother, Mrs. Gladys Pettit of San Antonio.

Garden Club Plans Move

The home of Mrs. Marcellus Garrison was scene of the regular meeting of the Hondo Garden Club Friday afternoon, Oct. 12.

Featured on the program were Mrs. Garrison, Mrs. J. S. MacManus and Mrs. Walter Rothe, who brought arrangements to the meeting and explained how they were put together. Mrs. Garrison's was formed around a piece of drift wood, Mrs. Rothe's was a mass arrangement including many colorful fall flowers and Mrs. MacManus' featured dried okra pods as its main attraction.

Mrs. R. W. Landers conducted the business session.

Called Meeting
A called meeting of the club was held Friday afternoon, Oct. 19 at the home of Mrs. Hugh Meyer. The subject of discussion was the relocating of the Thrift Shop, money-making enterprise of the club which enables the civic beautification committee to continue operation.

Now located on 18th St., the shop must be moved by Nov. 1. The members voted to limit the amount of rent which is to be paid for a new location but left other details of the move up to the Ways and Means Committee, which is headed by Mrs. Meyer.

Mrs. Riggs Sheppard, first vice-president of the club, presided at the meeting in the absence of the president.

John Palmer Explains Social Security Laws

Of importance to all women is the recent change in the law which permits those who have reached 62 years of age or older and would otherwise be eligible to receive social security benefits to begin doing so as early as November of this year.

This new law also affects women whose husbands are drawing social security benefits, dependent mothers and widows of insured persons, and women who have established their own social security earnings account by having worked in employment covered by the Social Security Act or operated their own businesses.

Benefits may be paid to these younger women beginning in November of 1957 and still not lose any payments, as they can be retroactive for as much as 12 months.

Women interested would write their social security office giving their name and address, account

number, and account number of their husband. They should also state whether they have been operating their own business and whether they have had military service or been employed in the railroad industry.

The next article regarding your social security and the effect of the new amendments as enacted by Congress will explain how cash disability payments may be paid to totally disabled persons at age 50 and later.

HOW MUCH SHALL I SAY?

In a classified ad say as much as is necessary to completely describe what you are offering of goods or services, little more. Be brief, concise, complete. Tell all you would like to know if you were the prospect.

Facts are what count in a classified ad. Superlatives are to be avoided. Readers of classified pages are looking for something. If you have it and your copy adequately describes it, leaves no question in prospect's mind, you will get action... a sale if terms are right.

A buyer looking for something in classified pages will read most of the ads to find it. The judicious use of display type, a little white space at top and bottom, the boxed ad — as in display ads on these pages — command attention, adding to the pulling power.

Say what is essential in your ad; use display space where competitive advertising dictates the need.

PERSONAL APPEARANCE

By Jerry June Berger

STAN HOLLMIG, outstanding baseballer, has taken on a new role for himself. The Mission star is now teaching math and serving as physical education instructor in the junior high grades of Northeast High School in San Antonio. His mother, MRS. F. H. HOLLMIG, says he likes it just fine and that he is able to drive back and forth from his home in New Braunfels where young son CRAIG is enrolled in school.

Doctors tell him that his arm, which was giving him some trouble recently, is practically okay again.

And another former Hondo student, MRS. RICHARD BUCCH, the former BARBARA BATOT, is really one busy person. Living out in Cheyenne, Wyo., BARBARA is sports editor (yes, you read that right) of a newspaper there, has a regular radio program and during the summer she was spending some of the evening hours teaching square dancing. Her parents, the MILTON BATOTS visited her the latter part of the summer, and say she is happy as can be.

Still another Hondo High Ex. RONNIE SCHWEERS, who has been sailing the seven seas in the Navy, is home to embark on a different type sea — sea of matrimony. His bride-to-be, JULIE ANN BENDELE, will accompany him to the west coast for their marriage as RONNIE'S ship is to be in dry-dock for at least three months. Also, he may get an assignment to shore duty.

The young sailor tells of their being caught in a terrific typhoon recently in which the swells came up over the top of the ship and all lifeboats were lost off the vessel. He says the crew that was not on duty at the time couldn't even stay in their bunks during the big rolls and added that he didn't care to experience that again. Limping back into port, the ship will now require about three months of repairs.

MRS. FRANK SCHWEERS, RONNIE'S mother, is a third-grade room mother at school this year and her class is responsible for the hot dog stand at the Halloween Carnival. She commented that she hopes she gets through both the wedding and the carnival without turning up at the wedding with holdovers, or with wedding cake at the carnival.

PA

We heard of a lot of coming and going over the weekend. Seems like folks were trying to take advantage of the fact that Hondo did not have a football game Friday.

PA

LYDA SCHWEERS, who had an art display at the River Arts Show in San Antonio last week, reports that she had more chances to sell the dress she was wearing than she did the paintings she exhibited. A squaw dress, it was lavender and trimmed with silver decorations. Rain hampered the show but she sold many of her hand painted Christmas cards, had only nibbles on her paintings.

PA

And another Hondo artist, MARY OCTAVIA "DUTZ" DAVIS, is at work on another book. She has authored and illustrated two books for children and is now concentrating her efforts on a music book for the small fry. Not only is she writing the music but is also planning to include simple plays which her readers may enact.

County 4H Council Names New Officers

By Estella Strayhorn

The 4-H club council of Medina County met in the Hondo Court Room Saturday morning, Oct. 20, with 31 members, 10 adult leaders, 6 visitors and the extension agents present.

Mary Griggs co-chairman of the organization presided. Roll was called and the minutes were read. The last year's members met to elect officers for the coming year. Gervase Hutzler of LaCoste and Beverly Flack of Natalia were named co-chairman; Lynette Saathoff, Dunlay, and George Pittman, Castroville, are treasurers; Dona Fluegge, Natalia is the new secretary; and Mary Griggs, Castroville and George Keith, Natalia, will be council delegates to the District 4-H council.

A committee met to work on the Medina County 4-H Council Standing rules and made a report. A few slight changes will be made. Another committee worked on the Achievement Day program which was changed to Nov. 24, to be held in Castroville. The date was changed from Nov. 10 to the 24 because of conflicts. Each club will present a five minute Share-the-fun number.

Annual reports were given by the co-chairman and finance chairman.

One Outstanding Woman

Each of the ten home demonstration Clubs in the county will name one of their home demonstration club women and present her at the Achievement Tea on Nov. 24. (Date was changed at 4-H council meeting.) The program will be held in Castroville from 1 to 5 p.m.

Home Demonstration Council

New officers to serve in the County Home Demonstration Council for 1957 are chairman, Mrs. W. C. Whitehead, Rio Medina Club; Mrs. D. G. Odum, vice-chairman, Devine Club; Mrs. C. A. Stein, secretary, LaCoste Club; and Mrs. Dan Menk, Murphy Club, treasurer. The annual committee meeting will be held in the American Legion Hall in LaCoste Nov. 26.

Council Luncheon

All reservations and money for the Annual Council Luncheon to which all adult leaders and home demonstration club members are invited, must be sent to Mrs. B. J. Robbins, Natalia, by Dec. 3. No home demonstration club women will be involved in the preparation of the meal. The luncheon will be held at the Catholic Recreation Hall in Natalia Dec. 10.

An announcement of decisive importance

to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbolt Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

LETTER TO THE EDITOR

Dear Editor,

We have just completed a trip that took us to Okla., Kansas, Missouri and into Iowa, where at Garner we visited the Roland Clements family and together attended the Cattle Congress and show at Waterloo which we enjoyed very much.

From there, we went to Nashua and visited "The Little Brown Church. In the Vale", then we went to Manitowac, Wisconsin and visited the Vic Klippi family and all went to Northern Wisconsin where we stayed at their log cabin in the pines by a lovely lake.

From there, we entered Michigan and Canada, where we visited the Niagara Falls which were beautiful with the colored lights on them at night and also pretty in the daytime when we viewed them from the American side in New York. From there, we went into Pennsylvania, Maryland, West Virginia, Virginia, Tennessee, North Carolina, Georgia, Alabama, Mississippi, Louisiana and home.

In the Northern States we saw the five Great Lakes and down South we went through the great Smokey Mountain Park. The autumn colors were very beautiful and we enjoyed the cool weather we had after we left Kansas.

Doleful Senators Due Shock

When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things, he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty outspoken cuss, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail out off."

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude."

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us tomorrow is that they know they can just wait a few days and the United States will fold up of its own accord. That's what I understand from listening to the visiting senators."

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right."

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tideland bill."

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and Ike is re-elected and this country keeps on being peaceful, prosperous and progressive. It's liable to put them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on that Doc was hurrying him, and he didn't like it much, but he'll still have to call him the next time one of the kids gets the croup, because like I said he's the only doctor in town.

SPEAKING OF SPORTS

By Dr. John H. Jennings

The Hondo Owls go back into action Friday night after taking last Friday off. The Owls entertain the Cotulla Cowboys on Barry Field as they open District play. All previous games have been to prepare for the ones coming up, and for now THE ONE is the Pearsall game in two weeks. The Owls play the next three games at Barry Field as they seek to extend their 18 game undefeated streak.

'56 Owls Statistics

The '56 Owls are undefeated in six games and have written themselves a very impressive record as they have run up 202 points to 46. Nixon got two TDs while each of the other opponents has been granted one TD a piece. Listed below is the '56 season statistics to date — probably the most completed on any Owl team — and good for future opponents to see . . . but we decided to run it anyway since about all it would tell a future opponent is to watch Woolls, Highsmith, Windrow and Hartman plus Hartman's passing . . . that the Owls can intercept . . . that rushing yards are hard to get, etc.

The individual records are interesting — Butch Woolls, "the Little Bull", has the most carries and Windrow the least, but ANY-ONE in the backfield who gets the call has been getting from 5.1 to 7 yards per effort! All this makes it difficult to set a defense for the Owls in that you have to watch 'em all. If you set the defense for one then the others have fun, which is born out in the record. Woolls' best night was the Nixon game with 168 yards, Highsmith's high mark was 141 at Devine, Floresville found Hartman running for 104, while Uvalde saw Windrow bull for 75 yards in his best total. Hartman throws enough to loosen things up a bit more — his best passing effort was 10 of 17 for 157 yards at Uvalde.

Let's hope this backfield "share the work plan" has given each boy the experience and practice needed for a successful district campaign, and then through the week by week championships that COULD follow. The individual records show a healthy situation. Everyone gets to carry the mail more of a one-for-all all-for-one arrangement — which is the ONLY way to have a club operate. When one boy carries the others are out blocking, knowing they will need his help next. For instance, Windrow has the least carries but has scored the most points; Hartman is next in line with the least number of carries but he gets to handle the ball on passes. So it all adds up to equal work for everyone.

Statistic Comments

The Owls have outtrashed their opponents to three yards to one and while passing one third as less as the opposition they have completed just as many passes, and 100 yards more. Hartman has not had a pass intercepted while the Owls have helped themselves to 11 interceptions, which is a fine equalizer in itself. There has been 27 completed passes and 7 have been good for 6 points. Three pass TDs have been racked up against the Owls: Sabinal got one for a 70 yard TD Uvalde with a 46 yarder seconds before the game ended, and a 30 yarder by Devine.

The Owl line has been doing a fine job by holding each opponent to about 100 yards rushing per game. The last four opponents have failed to meet the 100 yard mark.

Windrow has the least carries but is high point man. His toe on the extra points have helped here, but too he is a fine boy to call on for the payoff, — he can get pretty mean and determined for six points.

Back To Earth

Now that we have all patted ourselves on the back for the record to date, the thing to do now is to be proud of it for what it is and then be ready each Fri-

ST. LOUIS WINS DISTRICT TILT

The St. Louis Comets of Castrolville stayed in the middle of the title race of the South Texas Academic League as they downed a clawing crowd of Panthers from Texas Military Institute 28-13 last Saturday. The victory gives the Comets a 2-1 record in loop play and a victory over Peacock next week will assure them of at least a tie for the league crown.

T. M. I. took the opening kickoff but could only move 5 yards and were forced to kick. The Comets promptly took charge of the game as they rolled 75 yards in 15 plays to score. Groff, who had carried most of the 1. Espino kicked the point. And when the Panthers stalled again, the Castrolville team promptly scored their second touchdown. This time the big play was a screen pass from Groff to Steve Haby. Haby took the pass in the left flat, about the 37 yard line, and after losing his blockers, cut back to the right and outdistanced his pursuers to score the second Comet touchdown. Espino's kick proved what was to be the margin of victory as he sent the ball high and straight through the uprights.

On their third try, the boys from T. M. I. still couldn't start marching as Dennis Haby crashed through to throw Raines for a 10 yard loss. They tried a quick kick which ended on their own 25. The Comets now had their third scoring opportunity, but missed this time as Raines intercepted a Comet pass on the 2 and ran it back to the 15. This time, the Panthers' offensive started rolling as Phillips and Swickard found holes up the middle and Raines hit his end, Wright, for two important passes. Just before the half ended, Raines went off right guard from the five yard line to score. The try for point was wide and the score stood 14 to 6 at the half.

In the third quarter, T. M. I. started taking to the air almost entirely with Phillips now doing most of the throwing. After getting into enemy territory, however, they bogged down. The combination of Lutz and Groff started pounding the Panther line again and halfway through the third quarter the Comets rang up 7 points on a short stab by Groff and a kick by Espino.

With the score standing at 21 to 6, the visitors struggled to stave off defeat. Early in the fourth quarter, Phillips found Sewell in the clear and the 63 yard play netted a second touchdown for the Panthers. But Francis Lutz quickly took the steam out of the Panthers as he returned the kickoff for the fourth Comet T. D. Lutz caught the ball on the 17 and his teammates set up a solid wall of blue that opened up the sideline for him. Espino's kick was good, giving him four for four that evening.

With their ground offensive doing well and Espino sending the ball regularly through the uprights (he has 8 for 9 in the last two games), the only two weak spots for the Comets are passing and pass defense. They completed only one pass, though it was a big one, and orange clad ends and backs roamed in the clear all evening. T. M. I. threw 12 passes and completed 8 for 145 yards. They were able to pick up only 105 yards on the ground. The ground and 38 in the air. Lutz, on kickoff returns, made runs of 48 and 83 yards. The game was almost free from penalties with each side drawing only one.

Mrs. Sutherland Installed At Auxiliary Meet

Mrs. Enola Sutherland was installed as president of the American Legion Auxiliary Ollie Grant Unit 901 in Hondo, Oct. 20, in the home of Mrs. Alex Grant Sr. All other current officers, re-elected at an earlier meeting, were installed also.

Drawing for names for prizes was conducted for a project sponsored during the month and a utility table and matching stool was awarded Mrs. Irene Lutz. Mrs. Lewis R. Boehle received an Icy-Hot thermos.

Natalia Hands Lytle 19-6 Defeat Thursday

By E. H. Whittington

NATALIA — The Natalia Mustangs under coach H. D. Warren, defeated the Lytle Pirates here on the home field to the tune of 19 to 6 last Thursday.

Natalia's first score came in the first quarter. Marshal Davis took a 15 yard pass and was downed on the Pirate 1 yard line. Allen Lee then went through the line for six points but the try for extra point failed to click and the quarter ended 6 — 0, Mustangs.

In the second quarter, George Raute took a pass from Jim Putman on the Pirate 15 yard line and went over for the second touchdown of the game. This time, the try for extra point was good. The Pirates took Raute's kick off and worked their way down to the Mustang 25 before the Mustang line stiffened and the ball went over on downs.

On the Mustang first play from scrimmage, they elected to throw a pass, which was intercepted by the Pirates and returned to Natalia's 10 yard line, but again the Mustangs refused to yield and the ball went over on downs. After an exchange of punts, the 13 — 0, Mustangs.

Early in the third quarter, Lytle's Rex Mayhew took an Ambrosio Cuellar pass on the Brucks.

Mustang 15 and showed the local boys his heels from there to the goal stripe — try for extra point went wide.

In the next few minutes of play Lytle's Joe Martinez made the most sensational play of the game when he simply lifted his left arm in a cup like position and Putman's pass, intended for Allen Lee, fell smack into his arm and stuck like a baseball in a first baseman's mitt. The Pirates were unable to capitalize on this break so the third quarter ended 13 — 6, Mustangs.

During the fourth quarter, George Raute went around right end for 20 yards and a touchdown but again the try for point after was no good.

Final score, Mustangs 19, Pirates 6.
